

K-LOVE radio station has saved my life many times. I am a single woman who has been diagnosed with bi-polar disorder with severe anxiety attacks. Listening to the music on K-LOVE has encouraged me when nothing else could. Knowing that no matter what time of day when I turn on my radio I will hear uplifting, christian music and praises to God, no where else on my radio dial can that be found. PLEASE do not give LPFM priority over FM translator service, my KLOVE signal is MY LIFE SIGNAL!
